Other Proprietors Notified to Get Licenses or Close Up Business.

During a conference in the Brooklyn City Hall this morning between Mayor Schleren, Police Commissioner Welles, Inspector Mackellar, Inspector McKel vey and Sergt. Clayton, it was practically decided several times to close every saloon, concert hall, merry-goround and shooting gallery on Coney Island to-morrow. Finally the matter was left to the discretion of the police what places should be suppressed.

One thing that may be put down as almost certain is that the loud-voicedhustling - seductive-frankfurter-sausage sandwich men will soon be a thing o the past on Coney Island. The Mayor said to-day that they ought to either be obliterated, as far as Coney Island is concerned, or compelled to place the breed of dog on each sausage. Several complaints have beet, received about the frankfurter men, the Mayor said, and in one the above suggestion was made. For the present 'he Mayor said the frankfurter men would not be molested. Sergt, Clayton said he had come to ask the Mayor about the frankfurter men, and was ready at any time to clear the island of them. He thought the matter such to be referred to the Beard of Health.

At the conclusion of the conference, Mayor Schieren issued an order notifying the proprietors of concert halls, games, shooting-galleries, merry-gorounds, &c., on Coney Island that unless they applied for a license at once their places would be closed up.

United States Association of Pilots, was the formal initiation of Miss Callle French, said to be the only woman pilot in the country. Headquarters were crowded with pilots from all parts of the St Louis district. It was the first time in the history of the organization that a woman was admitted. Miss French is twenty-two years old, and knows the Ohio and Mississippi Rivers thoroughly from Cincinnati to New Orleans. She spent fifteen years on the river with her father, Capt. C. O. French, who runs a boat between Cincinnati and New Orleans.
